WINE SELECTION

Below is a list of locally produced wine we are proud to offer our guests here at Laurina Estate

\$31

SPARKLING LILY NV

Sparkling Lily is brut style that is crisp & light and very drinkable! A Pinot Chardonnay sparkling wine suitable for any celebration. Experiment with Sparkling wine the same as you would with table wine - explore the possibilities.

SEMILLON SAUVIGNON BLANC

This is a lovely blend that brings out the best in both varieties. Truly refreshing without the tart acid of a straight Sauvignon Blanc.

PINOT GRIGIO

The deliciously light, fresh, citrus flavours makes Pinot Grigio a good alternative to Verdelho. A little bit lighter on the fruit than Verdelho, but enough to make it a good food pairing wine.

LAURINA ESTATE

MOSCATO

Yes, Moscato is a sweet wine which many people love and our Moscato has some very forward fruit flavours that leave you trying to recall which fruit it reminds you of.... it reminds us of lychee. A clean, fresh sweetness that leaves your mouth feeling happy! If you like sweet wine - this will be the one for you.

SPARKLING SHIRAZ NV

Medium bodied sparkling shiraz is a delight with hints of cherry and soft on the palate. A lovely change for the explorers interested in new taste sensations who love to experiment with food & wine matching. We find that this goes with everything!!

SHIRAZ CABERNET

This blend results in a soft, medium bodied red with gentle tannins and rich berry flavours. An easy drinking red that pairs well with red meats, pasta dishes and rich cheeses.

TAWNY PORT -BY THE GLASS \$9

This port has been described as "liquid caramel". Nice warmth yet not too rich and heavy as some ports can be. Surprisingly and scarily drinkable - it walks out the door - so something works here!
